The financial statements have been prepared on an historical cost basis of accounting and are normally drawn up with reference to an accounting period of one financial year, which is equal to a calendar year.

The Financial Statements have been prepared in accordance with the Dutch accounting guideline '640 - Organisaties-zonder-winststreven'. All amounts mentioned are in Euro, the organisations functional currency, and are rounded to the nearest Euro. Transactions in foreign currency are converted to Euro at the exchange rate on the date of transaction.

The financial statements have been prepared in accordance with the principle of continuity.

In general, assets and liabilities refer to the amounts at which they were acquired or incurred, or current value, unless specifically stated otherwise.

5. Accounting Policies for the valuation of Assets & Liabilities

Fixed Assets are stated at cost, net of depreciation and any provision for impairment.

Investments are stated at equity value.

Receivables are initially valued at the fair value of the consideration to be received, including transaction costs if material. Receivables are subsequently valued at the amortised cost price, which is, in general, equal to the nominal value. Provisions for bad debts are deducted from the carrying amount of the receivable.

Cash at Banks is valued at nominal value and represents bank balances and deposits with terms of less than twelve months. All cash is at free disposal to the association.

Current Liabilities fall due in less than one year and are valued at the nominal value which is considered to be the fair value.

Pension schemes for CBM Global employees are defined contribution schemes. The contributions paid to the pension scheme providers are accounted for in the statement of Income & Expenditure for the reporting period.

6. Accounting Policies to determine results

Revenue and expenses in the Statement of Income and Expenditure are allocated to the period to which they relate. INDEPENDENT AUDITOR'S REPORT

To: The board of CBM Global Disability Inclusion Vereniging

A. Report on the audit of the financial statements for the period ended December 31st, 2022 included in the annual report

Our opinion

We have audited the financial statements for the year ended December 31st, 2022 of CBM Global Disability Inclusion Vereniging, based in Amsterdam.

In our opinion the accompanying financial statements give a true and fair view of the financial position of CBM Global Disability Inclusion Vereniging as at December 31st, 2022, and of its result for the period then ended in accordance with Guideline for small not-for-profit organisations (RJK C1) of the Dutch Accounting Standards Board.

The financial statements comprise:

- 1. The consolidated and company balance sheet as at December 31st, 2022;
- 2. The consolidated and company statement of contributions and expenses for the period ending December 31st; and
- 3. The notes comprising a summary of the accounting policies and other explanatory information.

Basis for our opinion

We conducted our audit in accordance with Dutch law, including the Dutch Standards on Auditing. Our responsibilities under those standards are further described in the 'Our responsibilities for the audit of the financial statements' section of our report.

We are independent of CBM Global Disability Inclusion Vereniging in accordance with the Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence regulations in the Netherlands. Furthermore we have complied with the Verordening gedrags- en beroepsregels accountants (VGBA, Dutch Code of Ethics).

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

B. Report on the other information included in the annual report

In addition to the financial statements and our auditor's report thereon, the annual report contains other information that consists of:

• The report of the board.

Based on the following procedures performed, we conclude that the other information is consistent with the financial statements and does not contain material misstatements.

We have read the other information. Based on our knowledge and understanding obtained through our audit of the financial statements or otherwise, we have considered whether the other information contains material misstatements.

By performing these procedures, we comply with the Dutch Standard 720. The scope of the procedures performed is substantially less than the scope of those performed in our audit of the financial statements.

The board is responsible for the preparation of the other information, comprising the board report, in accordance with the Guideline for small not-for-profit organisations (RJK C1) of the Dutch Accounting Standards Board.

C. Description of responsibilities regarding the financial statements

Responsibilities of the board for the financial statements

The board is responsible for the preparation and fair presentation of the financial statements in accordance with the Guideline for small not-for-profit organisations (RJK C1) of the Dutch Accounting Standards Board. Furthermore, the board is responsible for such internal control as the board determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

As part of the preparation of the financial statements, the board is responsible for assessing the foundation's ability to continue as a going concern. Based on the financial reporting framework mentioned, the board should prepare the financial statements using the going concern basis of accounting unless the board either intends to liquidate the foundation or to cease operations, or has no realistic alternative but to do so.

The board should disclose events and circumstances that may cast significant doubt on the foundation's ability to continue as a going concern in the financial statements.

Our responsibilities for the audit of the financial statements

Our objective is to plan and perform the audit assignment in a manner that allows us to obtain sufficient and appropriate audit evidence for our opinion.

Our audit has been performed with a high, but not absolute, level of assurance, which means we may not detect all material errors and fraud during our audit.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

We have exercised professional judgment and have maintained professional skepticism throughout the audit, in accordance with Dutch Standards on Auditing, ethical requirements and independence requirements. Our audit included e.g.:

- Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, designing and performing audit procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the foundation's internal control;
- Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the board;
- Concluding on the appropriateness of the board's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a foundation to cease to continue as a going concern;
- Evaluating the overall presentation, structure and content of the financial statements, including the disclosures; and
- Evaluating whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Because we are ultimately responsible for the opinion, we are also responsible for directing, supervising and performing the group audit. In this respect we have determined the nature and extent of the audit procedures to be carried out for group entities. Decisive were the size and/or the risk profile of the group entities or operations. On this basis, we selected group entities for which an audit or review had to be carried out on the complete set of financial information or specific items.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant findings in internal control that we identify during our audit.

Amsterdam, May 24, 2023
